1. Acceptance of Purchase Order
Agreement by Seller to furnish the materials, and products (“goods”) or services, including the products resulting from services hereby ordered, or its commencement of such performance, or acceptance of any payment, shall constitute Seller’s unqualified acceptance of this Purchase Order subject to these terms and conditions. In the event that this Purchase Order does not state price or delivery, Buyer will not be bound to any prices or delivery to which it has not specifically agreed in writing. Any terms or conditions proposed by Seller inconsistent with or in addition to the terms and conditions herein contained shall be void and of no effect unless specifically agreed to by Buyer in writing. Modifications hereof or additions hereto, to be effective, must be made in writing and be signed by Buyer’s purchasing representative. These terms and conditions, together with any referenced exhibits, attachments or other documents, constitute the entire agreement between the Parties with respect to the subject matter of this Purchase Order; and supersede any prior or contemporaneous written or oral agreements pertaining thereto.

2. Shipping Instructions; Risk of Loss; Title of Goods
(a) Seller shall be responsible for ensuring the proper packaging of goods hereunder. No charges will be allowed for packing, crating, freight, local cartage, and/or any other services unless so specified in this Purchase Order.

(b) Seller shall at all times comply with Buyer’s written shipping instructions. Unless otherwise directed, all items shipped on the same day from and to a single location must be consolidated on one bill of lading or air bill, as appropriate. Seller shall submit all required shipping papers to Buyer prior to final payment. Title to goods furnished under this Purchase Order shall pass to Buyer upon formal acceptance, regardless of when or where Buyer takes physical possession, unless the Purchase Order specifically provides for earlier passage of title.

(c) Buyer will purchase goods in the United States of America by F.O.B. Destination, and Seller shall bear the expense of transport of, and risk of loss or damage to, the goods to the named place unless the Purchase Order states otherwise.

(d) Buyer may purchase goods internationally by use of an importer, to be designated on the Purchase Order. Seller shall bear the expense of transport of, and risk of loss or damage to, the goods to the named place unless the Purchase Order states otherwise.

(e) Purchase Order number(s) must appear on all correspondence, shipping labels, and shipping documents, including all packing sheets, bills of lading, air bills, and invoices.

3. Delivery; Notice of Delay; Obsolescence; Completion
(a) Time is of the essence and failure to deliver in accordance with the delivery schedule under this Purchase Order, if unexcused, shall be considered a material breach of this Purchase Order. Any times and dates relating to this Purchase Order shall be recognized as referring to the Eastern Time Zone in the United States of America. No acts of Buyer, including without limitation modifications of this Purchase Order or acceptance of late deliveries, shall constitute waiver of this provision. Buyer also reserves the right to refuse or return at Seller’s risk and expense shipments made in excess of this Purchase Order or in advance of required schedules, or to defer payment on advance deliveries until scheduled delivery dates.

(b) Seller shall notify Buyer in writing immediately of any actual or potential delay to the performance of this Purchase Order. Such notice shall include a proposed revised schedule but such notice and proposal or Buyer’s receipt or acceptance thereof shall not constitute a waiver to Buyer’s rights and remedies hereunder.

(c) During performance of this Purchase Order, Seller shall notify Buyer of any planned obsolescence or recall of the good(s) set out in this Purchase Order.

(d) This Purchase Order is considered closed when the ERP system reports that all goods or services have been received and final payment has been completed.

4. Termination for Convenience
(a) Buyer may, by written notice, terminate this Purchase Order for convenience and without cause, in whole or in part,
at any time, and such termination shall not constitute default. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order.

(b) In the event of termination for convenience by Buyer, Seller shall be reimbursed for actual, reasonable, substantiated and allocable costs, plus a reasonable profit for work performed to date of termination. Any termination settlement proposal shall be submitted to Buyer promptly, but no later than forty-five (45) days from the effective date of the termination. In no event shall the amount of any settlement be in excess of the Purchase Order value. Buyer may take immediate possession of all goods, complete or incomplete, and all products resulting from services upon written notice of termination to Seller.

5. Termination for Default

(a) Buyer may, by notice in writing, terminate this Purchase Order in whole or in part at any time for (i) breach of any one or more of its terms, (ii) failure to deliver goods or services within the time specified by this Purchase Order or any written extension, (iii) failure to make progress so as to endanger performance of this Purchase Order, or (iv) failure to provide adequate assurance of future performance. Buyer may also terminate this Purchase Order in whole or in part in the event of Seller’s suspension of business, insolvency, appointment of a receiver for Seller’s property or business, or any assignment, reorganization or arrangement by Seller for the benefit of its creditors. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order.

(b) In the event of Seller’s default hereunder, Buyer may exercise any or all rights and remedies accruing to it, both at law, including without limitation, those set forth in Article 2 of the Uniform Commercial Code, or in equity. In addition, in the event Buyer terminates for default all or any part of this Purchase Order, Seller shall be liable for Buyer’s re-procurement costs.

(c) If this Purchase Order is terminated for default, Buyer may require Seller to transfer title to, and deliver to Buyer, as directed by Buyer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as “manufacturing materials” in this Section) that Seller has specifically produced or acquired for the terminated portion of this Purchase Order. Upon direction of Buyer, Seller shall also protect and preserve property in its possession in which Buyer has an interest.

6. Force Majeure

(a) An event of Force Majeure is defined as an event or circumstance which is beyond the control and without the fault or negligence of the Party affected and which by the exercise of reasonable diligence the Party affected was unable to prevent.

(b) Except for a default of Seller’s subcontractor at any tier, neither Buyer nor Seller shall be liable for any failure to perform provided that the event or circumstance is included, but not limited to the following: acts of God or of the public enemy; acts of the government in its sovereign or contractual capacity (including material actions deemed illegal after the creation of this Purchase Order); chemical, biological, or nuclear accidents; epidemics; terrorism; quarantine restrictions; strikes; freight embargoes; and unusually severe weather (fires, floods, earthquakes, high wind damage, tornadoes/cyclones, and hurricanes/typhoons). Monetary and exchange rate fluctuations are not considered a Force Majeure event or circumstance.

(c) In the event that performance of this Purchase Order is hindered, delayed or adversely affected by clauses of the type described above (“Force Majeure”), then the Party whose performance is so affected shall so notify the other Party’s authorized representative in writing as soon as soon as possible and, at Buyer’s option, this Purchase Order shall be completed with such adjustments to the delivery schedule as are reasonably required by the existence of Force Majeure or this Purchase Order may be terminated for convenience pursuant to Section 4.

(d) The Party prevented from or delayed in performing its obligations has no liability for any costs (including any delay costs incurred by the other Party), losses, expenses, damages or the payment of any part of this Purchase Order’s price during an event of Force Majeure.

(e) An event of Force Majeure does not relieve a Party from liability for an obligation which arose before the occurrence of that event,
not does that event affect the obligation to pay money in a timely manner which matured prior to the occurrence of that event.

7. **Disputes and Governing Law**

Any controversy or claim that may arise out of or in connection with this Purchase Order that after good faith negotiations cannot be resolved to both Parties’ satisfaction may be resolved by submitting the claim to a court of competent jurisdiction.

(a) Pending resolution or settlement of any dispute arising under this Purchase Order, Seller will proceed diligently as directed by Buyer with the performance of this Purchase Order. Irrespective of the place of performance, this Purchase Order shall be governed and construed in accordance with the laws of the State of Pennsylvania in the United States of America, without regard to its conflicts of laws provisions, except that any provision in this Purchase Order that is: (i) incorporated in full text or by reference from the Federal Acquisition Regulation (FAR) or; (ii) incorporated in full text or by reference from any agency regulation that implements or supplements the FAR or; (iii) that is substantially based on any such agency regulation or FAR provision, shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, boards of contracts appeals, and quasi-judicial agencies of the United States Government. The provisions of the “United Nations Convention on Contracts for the International Sale of Goods” shall not apply to this Purchase Order, including any amendments or changes to this Purchase Order.

(b) A subcontractor of any tier cannot directly sue the federal government while working with Buyer in a contractual relationship where Buyer is the prime contractor and the matter in dispute concerns this contractual relationship, even if a subcontractor’s claim would otherwise be warranted.

8. **Remedies**

(a) Except as otherwise provided herein, the rights and remedies of both Parties hereunder shall be in addition to their rights and remedies at law or in equity. Failure of either Party to enforce any of its rights shall not constitute a waiver of such rights or of any other rights and shall not be construed as a waiver or relinquishment of any such provisions, rights or remedies; rather, the same shall remain in full force and effect.

(b) Buyer shall be entitled at all times to set off any amount owing at any time from Seller or any of its affiliated companies to Buyer, against any amount payable at any time by Buyer or any of its affiliated companies to Seller.

9. **Proprietary Rights**

(a) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, all specifications, information, data, drawings, software and other items supplied to Buyer by Seller shall be disclosed to Buyer on a non-proprietary basis and may be used and/or disclosed by Buyer without restriction.

(b) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, all specifications, information, data, drawings, software and other items which are (i) supplied to Seller by Buyer or (ii) obtained or developed by Seller in the performance of this Purchase Order or paid for by Buyer shall be proprietary to Buyer, shall be used only for purposes of providing goods or services to Buyer pursuant to this Purchase Order, and shall not be disclosed to any third party without Buyer’s express written consent. All such items supplied by Buyer or obtained by Seller in performance of this Purchase Order or paid for by Buyer shall be promptly provided to Buyer on request or upon completion of this Purchase Order.

(c) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, any invention, know-how, or intellectual property first made or conceived by Seller in the performance of this Purchase Order or which is derived from or based on the use of information supplied by Buyer shall be considered to be the property of Buyer; and Seller shall execute such documents necessary to perfect Buyer’s title thereto. Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, any work performed pursuant to this Purchase Order which includes any copyright interest shall be considered
a “work made for hire”. Subject to Paragraph 9(d) below, to the extent any of such works do not qualify as a “work made for hire”, Seller hereby assigns to Buyer all its intellectual property rights, including its copyright rights, in such works effective immediately upon creation of such works, including when they are first fixed in a tangible medium.

(d) Applicable U.S. Government Procurement Regulations incorporated into this Purchase Order shall, when applicable, take precedence over any conflicting provision of this Section 9 to the extent that such Regulations so require. The incorporation by reference of such U.S. Government Regulations dealing with subcontractors rights in Technical Data, subject inventions, copyrights, software and similar intellectual property are not intended to, and shall not, unless otherwise required by applicable law, obviate or modify any greater rights which Seller may have previously granted to Buyer pursuant to prior agreements between the Parties.

10. Buyer’s Property

(a) All drawings, tools, jigs, dies, fixtures, materials, and other property supplied or paid for by Buyer shall be and remain the property of Buyer; and if Seller fails to return such property upon Buyer’s demand, Buyer shall have the right, upon reasonable notice, to enter Seller’s premises and remove any such property at any time without being liable for trespass or damages of any sort.

(b) All such items shall be used only in the performance of work under this Purchase Order unless Buyer consents otherwise in writing.

(c) Goods made in accordance with Buyer’s specifications and drawings shall not be furnished or quoted by Seller to any other person or concern without Buyer’s prior written consent.

(d) Seller shall have the obligation to maintain any and all property furnished by Buyer to Seller and all property to which Buyer acquires an interest by this Purchase Order and shall be responsible for all loss or damage to said property except for normal wear and tear.

(e) Upon request, Seller shall provide Buyer with adequate proof of insurance against such risk of loss or damage.

(f) Seller shall clearly mark, maintain in inventory, and keep segregated or identifiable all of Buyer’s property.

11. Release of Information

(a) Seller shall not publish, distribute, or use any information developed under or about the existence, nature, terms, or conditions of this Purchase Order, or use the Buyer Company name (or the name of any division, affiliate or subsidiary thereof), logo, trademark, service mark, or trade dress for the purpose of advertising, making a news release, creating a business reference, creating a website content or for goods or service endorsement without prior written approval of Buyer.

(b) Each Party may disclose information when necessary to share such information with the Parties’ accountants, attorneys, or other employees indispensable to this Purchase Order, where disclosure to a governmental agency is required, or where disclosure is ordered by a court of competent jurisdiction.

12. Order of Precedence

(a) In the event of any inconsistency or conflict between or among the provisions of this Purchase Order, such inconsistency or conflict shall, subject to Section 9(d) above, be resolved by the following descending order of preference: 1. Order-specific provisions provided in full text on the Purchase Order as additions to the pre-printed terms; 2. Documents incorporated by reference on the Purchase Order which apply to the Purchase Order as a whole and not to a specific line item therein; 3. These General Terms and Conditions of Purchase and Supplements thereto; 4. Statement of Work; and 5. Specifications attached hereto or incorporated by reference (see Paragraph 12(b) below).

(b) Buyer’s specifications shall prevail over those of the United States Government, and both of the foregoing shall prevail over specifications of Seller. In the event of conflict between specifications, drawings, samples, designated type, part number, or catalog description, the specifications shall govern over drawings, drawings over samples, whether or not
approved by Buyer and samples over designated type, part number, or catalog description. In cases of ambiguity in the
specifications, drawings, or other requirements of this Purchase Order, Seller must, before proceeding, consult Buyer,
whose written interpretation shall be final.

13. Warranty

(a) Seller warrants the goods delivered pursuant to this Purchase Order, unless specifically stated otherwise in this Purchase
Order, shall (i) be new (ii) be free from defects in workmanship, materials, and design and (iii) be in accordance with all
the requirements of this Purchase Order. Seller further warrants that the performance of work and services shall conform
with the requirements of this Purchase Order and to high professional standards. All warranties in this Purchase Order
shall survive inspection, test, final acceptance and payment of goods and services.

(b) Seller warrants that the goods delivered pursuant to this Purchase Order shall (i) be and only contain materials obtained
directly from the Original Component Manufacturer (OCM) or the Original Equipment Manufacturer (OEM)
(collectively, the Original Manufacturer (OM)) or an authorized OM reseller or distributor; (ii) not be or contain
Counterfeit Items, as defined below; and (iii) contain only authentic, unaltered OM labels and other markings. Seller
shall obtain and retain all documentation required to fully trace the distribution and sale of the goods delivered
hereunder back to the relevant OM, and, on request of Buyer, shall provide such authenticating documentation.
Counterfeit Items include, but are not limited to, goods or separately-identifiable items or components of goods that: (i)
are an illegal or unauthorized copy or substitute of an OM item; (ii) are not traceable to an OM sufficient to ensure
authenticity in OM design and manufacture; (iii) do not contain proper external or internal materials or components
required by the OM or are not constructed in accordance with OM design; (iv) have been re-worked, re-marked, re-
labeled, repaired, refurbished, or otherwise modified from OM design but not disclosed as such or are represented as
OM authentic or new; (v) have not passed successfully all OM required testing, verification, screening, and quality
control processes; or (vi) an item with altered or disguised documentation, package labeling, or item marking intended to
mislead a person into believing a non-OM item is genuine, or that an item is of better or different performance when it is
not. Seller further warrants that it has and shall have an internal Counterfeit Item control process for goods delivered
hereunder in accordance with the standards or instructions set forth in any Buyer’s specifications or other provisions
incorporated into this Purchase Order. Buyer shall have the right to audit, inspect, and / or approve the processes at any
time before or after delivery of the goods ordered hereunder. Buyer shall have the right to require changes to the
processes to conform with Buyer’s defined standards, if any. Failure of the Seller to conform its processes with Buyer’s
defined standards may result in the termination of this Purchase Order in accordance with the termination provisions set
forth herein. Seller shall include the substance of this Section 13 (b) in any agreement between Seller and its lower tier
sellers.

(c) Seller warrants that any hardware, software and firmware goods delivered under this Purchase Order: (i) shall not
contain any viruses, malicious code, Trojan horse, worm, time bomb, self-help code, back door, or other software code
or routine designed to: (a) damage, destroy or alter any software or hardware; (b) reveal, damage, destroy, or alter any
data; (c) disable any computer program automatically; or (d) permit unauthorized access to any software or hardware;
(ii) shall not contain any third party software (including software that may be considered free software or open source
software) that (a) may require any software to be published, accessed or otherwise made available without the consent of
Buyer, or (b) may require distribution, copying or modification of any software free of charge; and (iii) shall not infringe
any patent, copyright, trademark, or other proprietary right of any third party or misappropriate any trade secret of any
third party.

(d) These warranty entitlements shall inure to the benefit of both Buyer and Buyer’s customers. As used in this Purchase
Order, Buyer’s customer(s) shall include its direct and indirect customers such as direct sale end-users, subcontractors of
any tier, prime contractors and the ultimate user under relevant prime contract(s).

(e) Seller shall be liable for and save Buyer harmless from any loss, damage, or expense whatsoever that Buyer may suffer
from breach of any of these warranties. Remedies shall be at Buyer’s election, including, but not limited to, the prompt
repair, replacement or reimbursement of the purchase price of nonconforming goods and, in the case of services either
the prompt correction of the defective services at no cost or reimbursement of the amounts paid for such services. Return
to Seller of defective or nonconforming goods and redelivery to Buyer of repaired or replaced goods shall be at Seller’s
expense. Goods or services required to be corrected, repaired or replaced shall be subject to this Section and the
Inspection Section of this Purchase Order in the same manner and to the same extent as goods or services originally
delivered under this Purchase Order, but only as to the repaired or replaced goods or parts thereof or the corrected service thereof. Seller shall promptly comply with Buyer’s direction to (i) repair, rework or replace the goods, (ii) furnish any material or parts and installation required to successfully correct the defect or nonconformance and/or (iii) successfully correct the defective or nonconforming service.

14. Inspection

(a) All goods and services shall be subject to inspection and test at all reasonable times and places by Buyer or Buyer’s customer before, during and after performance and delivery. Buyer may require Seller to repair, replace or reimburse the purchase price of rejected goods or Buyer may accept any goods and upon discovery of nonconformance, may reject or keep and rework any such goods not so conforming. Cost of repair, rework, replacement, inspection, transportation, repackaging, and/or re-inspection by Buyer shall be at Seller’s expense. Buyer’s acceptance of goods or services shall not be deemed to diminish Buyer’s rights or be final or binding on Buyer if latent defects, fraud, or misrepresentation on the part of Seller exists.

(b) If inspection and test are made on the premises of Seller or Seller’s lower-tier subcontractors, Seller shall furnish without additional charge all reasonable facilities, information and assistance necessary for the safe and convenient inspection and tests required by the inspectors in the performance of their duty. The foregoing provisions of this Section are supplementary to and not in lieu of the provisions of Paragraph 14 (a) above.

(c) Neither Buyer’s inspection nor any Buyer failure to inspect shall relieve Seller of any responsibility to perform according to the terms of this Purchase Order.

15. Changes

(a) Buyer shall have the right by written notice to suspend or stop work or to make changes from time to time in the services to be rendered or the goods to be furnished by Seller hereunder or the delivery schedule. If such suspension, stoppage or changes cause an increase or decrease in the cost of performance of this Purchase Order or in the time required for its performance, an equitable adjustment shall be negotiated promptly and the Purchase Order shall be modified in writing accordingly. Any claim by Seller for adjustment under this Paragraph 15(a) must be asserted in writing within twenty (20) days from the date of receipt by Seller of notification of the change or suspension and shall be followed as soon as practicable with specification of the amount claimed and supporting cost figures. However, nothing herein shall excuse Seller from proceeding with this Purchase Order as changed pending resolution of the claim.

(b) Information, advice, approvals or instructions given by Buyer’s technical personnel or other representatives shall be deemed expressions of personal opinion only and shall not affect Buyer’s and Seller’s rights and obligations hereunder unless set forth in a writing which is signed by Buyer’s purchasing representative and which states it constitutes an amendment or change to this Purchase Order.

16. Infringement

Seller warrants that all goods and services (for purposes of this Section 16 hereinafter “items”), provided by Seller pursuant to this Purchase Order, which are not of Buyer’s design, shall be free from claims of infringement (including misappropriation) of third party intellectual property rights and that any use or sale of such items by Buyer or any of Buyer’s customers shall be free from any claims of infringement. Seller shall indemnify and save Buyer, and its customers harmless from any and all expenses, liability, and loss of any kind (including all costs and expenses including attorneys’ fees) arising out of claims, suits, or actions alleging such infringement, which claims, suits, or actions Seller, hereby, agrees to defend, at Seller’s expense, if requested to do so by Buyer. Seller may replace or modify infringing items with comparable items acceptable to Buyer of substantially the same form, fit, and function so as to remove the source of infringement, and Seller’s obligations under this Purchase Order including those contained in Section 13 and in this Section 16 shall apply to the replacement and modified items. If the use or sale of any of the above items is enjoined as a result of such claim, suit or action, Seller, at no expense to Buyer, shall obtain for Buyer and its customers the right to use and sell said item.

17. Taxes

Unless this Purchase Order specifies otherwise, the price of this Purchase Order includes, and Seller is liable for and shall pay, all taxes, impositions, charges, customs duties or tariffs and exactions imposed on or measured by this
Purchase Order except for applicable sales and use taxes that are separately stated on Seller’s invoice. Prices shall not include any taxes, impositions, charges or exactions for which Buyer has furnished a valid exemption certificate or other evidence of exemption. To the extent that Buyer is required to do so under applicable law or tax regulations, Buyer may deduct from any payments due to Seller pursuant to this Purchase Order such taxes as Buyer is required to withhold from such payments and pay such taxes to the relevant tax authorities; provided, however, that Buyer provides Seller with relevant tax receipts or other suitable documentation evidencing the payment of such taxes promptly after such taxes are paid.

18. Assignments, Subcontracting, Organizational Changes, and Place of Manufacture

(a) Seller may not assign any rights, delegate any of its obligations due or to become due under this Purchase Order, or subcontract all or substantially all of its obligations under this Purchase Order, without the prior written consent of Buyer. Any purported assignment, delegation, or subcontracting by Seller without such consent shall be void. Buyer may assign this Purchase Order to (i) any affiliated company, (ii) any successor in interest, or (iii) Buyer’s customer.

(b) Seller shall promptly notify Buyer in writing of any organizational changes made by Seller, including name or ownership changes, mergers or acquisitions.

(c) Seller shall not change the location of manufacture of the goods to be provided to Buyer under this Purchase Order without Buyer's prior written consent.

19. Compliance with Law

(a) Seller warrants that the goods to be furnished and the services to be rendered under this Purchase Order shall be manufactured, sold, used and rendered in compliance with all relevant United States federal, state, local law, orders, rules, ordinances, and regulations, including but not limited to the Foreign Corrupt Practices Act, 15 U.S.C. § 78 et seq. (the “FCPA”) and all laws and regulations of Seller’s place of performance, and in compliance with applicable international prohibitions on child labor.

(b) Seller warrants that all goods delivered under this Purchase Order are in conformance with the latest OSHA requirements.

(c) Seller warrants that in the performance of this Purchase Order, it will comply with all applicable U.S. Department of Transportation regulations on hazardous materials and any other pertinent federal, state, or local statutes, laws, rules, or regulations; and Seller further agrees to save Buyer harmless from any loss, damage, fine, penalty, or expense whatsoever that Buyer may suffer as a result of Seller’s failure to comply with this warranty. The foregoing is in addition to and not in mitigation of any other requirements of this Purchase Order.

(d) Seller warrants that it has complied with the Anti-Kickback Act of 1986 and has not offered or given and will not offer or give to any employee, agent, or representative of Buyer any gratuity or any kickback within the meaning of the Anti-Kickback Act of 1986. Any breach of this warranty shall be a material breach of each and every contract between Buyer and Seller.

(e) For Purchase Orders placed in support of and charged to a U.S. Government ("Government") Prime Contract or subcontract thereunder procuring an item meeting the Federal Acquisition Regulation (FAR) definition of a commercial item, the following clauses set forth in the FAR or the Defense Federal Acquisition Regulation Supplement (DFARS) in effect as of the date of the prime contract or higher-tier subcontract are incorporated herein by reference as if set forth in full text unless made inapplicable by its corresponding note, if any. In all clauses listed herein terms shall be revised to suitably identify the party to establish Seller's obligations to Buyer and to the Government; and to enable Buyer to meet its obligations under its prime contract.
